Selling a piece of land in the Curzon Par to the Wesleyan Mission School at Mysore.

-----coooo----------

In March 1910, the Head Master of the School brought to notice that the corner formed by the building and the railing of the Curzon Park was being used as a latrine to the great inconvenience of the School and wanted the rearrangeme of the railing.

2. To obviate the inconvenience complained of, it is proposed to carry out alterations of the rail ings at a cost of Rs 69. The Mission Authorities are willing to pay the price of the land that will be included in the School premises at one rupee per square yard. Under para 799 of P.W.Code, "all land the property of Government, should ordinarily be sold through the Revenue Department". It is not, however, clear whether the sanction of Government in the Revenue Department is required for such sale.
